GRAND JURY ATTACKED DEFENSE OF MAYOR SCHMITZ AND ABRAHAM RUEF

MILLION DOLLARS DAMAGE!

The Refugees in City of San Francisco Are Suffering.

SAN FRANCISCO, Dec. 11.—Although the terrific southeast wind that accompanied the rainstorm which swept over the state yesterday has subsided, there is no prospect for a cessation of the downpour.

Water still continues to pour into the stores that were unroofed by the great gale, adding to the loss of costly stocks of goods.

It is estimated that the damage caused by the storm in San Francisco alone will be at least half a million dollars.

But one fatality resulted from the blowing down of walls, as none of the many persons who were injured in this manner have succumbed.

While there is considerable suffering (Continued on Page Two.)

VOTING MACHINES TO TELL WHO IS REALLY ELECTED

The Contest for the Office of Judge of the Superior Court Is Still Undecided.

SAN FRANCISCO, Dec. 11.—The contest for the office of superior judge, in which Judges John A. Hower, Edmond F. Morgan and Charles Conlan are contestants, was resumed today before the election commissioners. Voting machines used in the recent election were opened that the number of votes received

by the three candidates might be tabulated and compared with the official returns. The inspection of the dial promises to occupy a great deal of time. Twenty minutes was consumed in examining the first machine opened, and as there are 125 machines to examine, it is expected that this part of the contest will take at least a week of the court's time.

MIGHT IT BE PARSONIZED? TWO WEEKS' MARRIED LIFE

And Then Things Began to Happen That Dispelled Love's Young Dream.

Two and one-half weeks was the extent of the married life of Martha and Harry W. Halloway, and during that time, she states in her divorce complaint, which was filed by Attorney Mortimer Smith this morning, the erstwhile spouse treated her with the utmost of cruelty, and even attempted to exterminate her young life.

She asserts that on the 14th of April he choked her and with a razor attempted to take her life. Again about May 1st she says that he assaulted her with a volley of vile names and called forth with a razor to assassinate her, but she escaped the death that she says was so close.

Clerk's office and secured a marriage license. They did not wait until the earthquake, according to the dates of their spats, as stated in the complaint, to start the rough-house, but made home, sweet home, a lively spot from the very start.

Attorney Ach for Schmitz and Ruef began today by expounding in general terms the qualifications of grand jurors, finally disclosing in a roundabout way that what he wanted to show was that Wallace E. Wise, a member of the grand jury, had been discharged as a petit juror in Judge Lawlor's Court within a year and that he was not competent to serve on the grand jury that had found the indictment.

SAN FRANCISCO, Dec. 11.—When about to begin.

the cases of Mayor Schmitz and Abraham Ruef were called this morning the Mayor showed less fatigue and anxiety than he has at any time since his return from abroad.

He took a seat near his attorneys and for ten minutes while awaiting the arrival of Judge Dunne they engaged in conversation.

Ruef was also in good humor. He took his usual seat at the end of the attorney's table. After greeting a few friends he turned his attention to the details of the arguments that were

A brief conference between the counsel was followed by an announcement by Assistant District Attorney Heney that there would be no need of the fifty or more witnesses who had been subpoenaed to remain as there would be no chance to call them until the argument was finished.

HENEY OBJECTS.

In order that they might have a clearer understanding of the case Heney stated that he would object to the presentation of any motion to set aside the indictment on any other

ground than those provided for in the code.

This point being understood Attorney Ach began a long argument for the defense.

He began by expounding in general terms the qualifications of grand jurors, finally disclosing in a roundabout way that what he wanted to show was that Wallace E. Wise, a member of the grand jury, had been discharged as a petit juror in Judge Lawlor's court within a year and that he was not competent to serve on the grand jury that had found the indictments.

WEBSTER-STREET BRIDGE OPEN TRAFFIC SUSPENDED

Communication Between Oakland and Alameda Is Cut Off—Power Refuses to Work.

ALAMEDA, Dec. 11.—The Webster street bridge, spanning the Oakland Harbor has been opened since early this morning and all traffic between Oakland and Alameda has been at a standstill. The bridge was swung open to allow a river steamer to pass through, and when the bridge tender attempted to close it, he found that the hydraulic power in some manner refused to work. As a consequence all of the Alameda cars, running along Webster street, have been

unable to get across, and all teams have been compelled to go around by way of Twenty-third avenue, which is a greater distance by about five miles. Persons in this city, desirous of going to Oakland, have been compelled to go to Park street and over the old narrow gauge road to Twenty-third avenue.

Just what the trouble is with the machinery is not known just yet, and it is impossible to tell when the bridge will again swing into place.

WOMAN IS MURDERED

Chey Wah, a Chinese woman, was attacked by a Chinaman in a house on Fifth street with a hatchet this afternoon. Her skull was severely fractured and all the fingers on the left hand and the thumb on the right hand were chopped off. The woman was brought to the receiving hospital by the police patrol. Drs. Irwin and Bell, and Stewart Borchert are attending her. The woman is not expected to recover. The Chinese was arrested.

CLAIMS HE IS INSANE

STOCKTON, Dec. 11.—Ed Wilson is on trial in this city for the murder of Lou Hill, a woman of the half world in September last. He was found in the woman's apartments with a bloody razor in one hand and a bloody knife in the other. The woman's body was located in a corner of the room, her death having been caused by a wound in the neck.

Wilson's plea is insanity, but physicians claim he is perfectly sane. The day will be taken up in obtaining a jury.

80 LIVES ARE IN DANGER!

The Alameda Car and Narrow-Gauge Train Nearly Crash.

That four score of passengers were not hurled to instant and terrible death this morning by collision of the Southern Pacific Narrow Gauge train with a crowded Alameda car untrolleyed at the Webster street curve is due to the nerve and heroism of a conductor called "Irish." As it was, men jumped from the imperiled car into the deep ditches off the track and women and children seated within the coach screamed in fright and in panic clamored for egress to save themselves from the train which, 100 yards away, was coming at full speed to-

wards the stopped car. Though hampered by the fear-stricken people the conductor finally got the trolley in place and the motorman brought the car over the curve to safety a second before the train crashed by.

WOMEN FAINT.

Expecting train and car to collide many of the women fainted and as the car sped on its way to Oakland the screams of hysterical women resounded for several blocks.

None was seriously injured but several were coming at full speed to-

SPECIAL MESSAGE TELLS OF ROOSEVELT'S TRIP

President Urges the Granting of American Citizenship to the People of Porto Rico.

The President's special message as read before the Senate and House is as follows: To the Senate and House of Representatives: On November 21 I visited the island of Porto Rico, landing at Ponce, crossing by the old Spanish road by Cayey to San Juan, and returning next morning over the new American road from Arecibo to Ponce; the scenery was wonderfully beautiful, especially among the mountains of the interior, which constitute a veritable

tropic Switzerland. I could not embark at San Juan because the harbor had not been dredged out and can not receive an American battle ship. I do not think this fact creditable to us as a nation, and I earnestly hope that immediate provision will be made for dredging San Juan harbor. I doubt whether our people as a whole realize the beauty and fertility of Porto Rico, and the progress that has been made under its admirable government. We have just cause for pride in the character of our repre-

who will be grand marshal of the Fiesta of Progress parade. He announced today that scores of merchants and manufacturers have arranged to take part in the display. Hundreds of vehicles, floats, automobiles, industrial exhibits and commercial enterprises will have place in the procession, which will move through streets that will be avenues brilliantly illuminated with all manner of electrical display.

pany will have a van in the parade drawn by ten horses. A leader of one, then two followed by three abreast and four big wheel horses. Countless other enterprises will enter teams, carriages and floats of all descriptions.

HAVE \$100 BET UP.
The interest in illuminated decorations is great, and the keenness felt by the Broadway business men in lighting up their places is best illustrated in the rivalry between Charles Newman, the proprietor of the College Inn, and Guy Smith, the manager of the Novelty theater. They have a wager of \$100 that one will have a better electrical display in front of his business place than the other. Smith says he will spend \$200 to fix up his place better than Newman. The latter says he has a surprise in something new that will be up the last minute and take Smith's money like candy from a baby.

A NATIVE SON FLOAT.
Secretary B. W. Booth filled out a card last evening, reading to the effect that he would have a Native Sons float with his seven little boys seated on the decorated vehicle.

TO PREVENT MIX-UP.
Grand Marshal Stearns wants it understood that all entries should enter the parade from numbers assigned them from the different divisions to start from Jefferson street. By starting in properly there will be no crowding and jamming.

MAYOR TO VIEW PARADE.
Mayor Frank K. Mot will postpone his trip to Fresno so as to stay over to see the parade. He and the city council with the board of public works, will view the parade from the steps of the city hall. The city's chief executive will personally attend to the decorations of the city hall.

A TON OF REDLIGHT.
Over 20,000 pounds of powder for red light has been secured to make the scene light as day. At various points along the line of march, this red fire

WESTERN PACIFIC ALLY PLANS BIG PURCHASE

Pacific Gas and Electric Company of City of San Francisco to Become Its Property.

The announcement is made that the Western Power Company, a corporation allied with the Western Pacific Railroad, is negotiating in New York for the purchase of the Pacific Gas and Electric Company of San Francisco, which was formed recently by the consolidation of the San Francisco Gas and Electric, the California Gas and Electric and the Independent Electric Light and Power Companies. Besides its extensive holdings in San Francisco the gas corporation owns a system of power houses and electric railways in the northern part of the state, all of which are to be included in the sale.

At a meeting held in New York a short time ago between Eugene de Saba and John Martin, representing the gas company, and Edwin E. Hawley of the Western Power Company, the preliminary details of the sale were discussed.

The gas company, in addition to its large stock liability, carries bonds to the extent of \$45,000,000.

Of this amount \$20,000,000 consists of an interest bearing mortgage on the San Francisco portion of the plant. The remaining \$25,000,000 represents the first mortgage on those portions of the plant located outside of this city.

The gas company lost heavily in the prominent

One of the first condemnation suits of the Western Pacific came up before Judge Waste this morning. The suit is for a right of way over property owned by Ellenor and Edward Clarke. Edward Clarke holds the land sought for by the company, to be very valuable, for it is the old grade of the old-time Western Pacific.

JUDGE MELVIN HAS BEEN INDISPOSED

Judge Melvin is absent from his court in Department Three for a few days, owing to a slight illness. The Judge will be again on the bench about Thursday.

Failure

to cure indigestion is largely due to the old theory that when the stomach becomes inactive it needs something to mechanically digest its contents, and that food, purgatives, etc., are used, which give only temporary relief, because they digest by irritating the lining of the stomach.

Modern science recognizes the fact that it is the nerves that furnish motive power to digest the contents of the stomach. The nerves regulate and mix the food and stimulate the secretions. When they become weakened they lack energy and indigestion, dyspepsia, sour stomach result.

Dr. Miles'

Restorative Nervine

will relieve obstinate cases of indigestion, dyspepsia and stomach trouble by strengthening these nerves. "I had severe stomach trouble," Dr. Miles' Nervine and Nerve and Liver Pills cured me. I can now eat anything without trouble.

The One Medicine Old People Need

MR. JOSIAH ZEITLIN

Mr. Josiah Zeitlin, 101 years old July, 1906, lives with his daughter, Mrs. Isaac Krinsky, Brooklyn.

Mr. Zeitlin was a prominent business man in his native land, Poland, many years. In 1882 he retired and came to this country.

He says that Duffy's Pure Malt Whiskey has prolonged his life, and is the medicine to restore health and vigor in old people.

He writes:

"Although I was 101 years old on July 3d last, I still feel that I am good for several years. I was born at Lodz, in Poland, and after a lengthy business life in the old land came to this country in 1882 to reside with my daughter. I have used Duffy's Pure Malt Whiskey for many years and find it very beneficial. It invigorates and gives me strength. I feel that it has helped me to live the 101 years. It seems to be the very medicine old people need to restore their failing health and strength."—Josiah Zeitlin, 186 Lexington Avenue, Brooklyn, N. Y.—August 10, 1906.

Mr. Zeitlin is one of the many thousands of men and women throughout the United States who owe their vigor, strength and long life to the great Tonic Stimulant and Renewer of Youth, Duffy's Pure Malt Whiskey, and join in extolling its merits.

Duffy's Pure Malt Whiskey

is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the forces of nature, makes digestion perfect and enables you to get from the food you eat the nourishment it contains. It is invaluable for over-worked men, delicate women and sickly children, as it is a food already digested. It strengthens the system, is a promoter of good health and longevity, makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey contains no fusel oil and is the only whiskey that is recognized as a medicine. This is a guarantee.

Sold by all druggists and grocers, or direct, in sealed bottles only; never in bulk. Price \$1. Insist on the genuine and see that the "Old Chemist" trade-mark is on the label. Beware of refilled bottles and spurious malt whiskey substitutes offered for sale by unreliable dealers. They are positively harmful and will not cure. Medical booklet and doctor's advice free. NEW FIRE LIMITS FOR CITY ESTABLISHED LAST NIGHT

Unanimously Adopted Despite Protest-- Other Matters That Came Before the Council.

New fire limits for this city were established last night by the City Council, the ordinance providing for an extension of the present bounds being given its final passage. A protest against the ordinance signed by sixty property owners in the business district, was ordered filed by the Council and the measure fixing the new limits was unanimously adopted, all the members being present.

TAKE IN MORE TERRITORY.

The new limits take in considerable more territory than the old and include the property on Alice street, where it is proposed to erect a million dollar hotel. The protestants claimed that the new limits would retard construction in this city.

The Council finally passed many other ordinances last night, one of which petitions the Legislature to allow this city to amend its charter and provides that the city be given the power to establish a garbage plant at any time; that original assessments be made each year by the City Assessor; and that streets be opened and closed immediately, without going through the usual routine.

SOUTHERN PACIFIC FRANCHISE.

Other ordinances which the Council finally passed last night, making them effective immediately were: Granting to the Southern Pacific Company a franchise to construct and operate a spur track on Cypress street, between Third and Seventh streets; appropriating \$1000 for the construction of a culvert across Cemetery Creek on Linda avenue; appropriating \$2500 out of the fire fund for the purchase of an automobile for the Fire Chief; authorizing the Board of Works to appoint five additional park gardeners at a salary of \$80 per month; raising the salaries of First Deputy Superintendent of Streets Blair, Deputy Treasurer

William Fitzmaurice and William Matthews, from \$125 to \$150; fixing the license on billboards at three and one-half cents per square yard, with a minimum license of \$40 per year.

The last named ordinance created some discussion, some of the Council favoring a rate of \$50 per quarter, which is in effect at the present time. The Council received a communication from the Fiesta committee, inviting its members to view the big parade from the steps of the City Hall. The invitation was accepted.

COMMUNICATIONS FROM OTHER CITIES.

The communication from the San Francisco, Oakland and San Jose Railway Company, dealing property between the right of way of the North Pacific Railway and the United States bulkhead line, to the city for sewer right-of-ways, was referred to the City Attorney, who was instructed to investigate the present ownership of the land in question. City Attorney McElroy last night gave it as his informal opinion that the city could accept the gift of the railway company. Councilman Burr, however, said that the deed be examined and it was so ordered.

The resolution appropriating \$400 for the repair of the city wharf was referred to the auditing and finance committee and was the measure introduced by Councilman Atkinson fixing the salaries of street employees, who provide a horse and cart, at \$4 per day. The bill appropriating \$1000 for the salaried of the municipal court for the year 1908-1909, was also sent to the auditing and finance committee.

The Council authorized the City Clerk to secure the necessary election supplies and officers for the annexation and elections. The former is to be held on January 15, and the latter on January 14 of next year.

CHICAGO, Dec. 11.—A dispatch to the Record-Herald from Cincinnati, says: "My husband and created President Roosevelt," said Mrs. Belamy Storer last night to a representative of the Commercial Tribune.

"President Roosevelt owes much today to Mr. Storer and myself," she concluded. "It was through my influence that

President Roosevelt was made Assistant Secretary of the Navy, and it came about in this way: "Mr. Storer and I went to Canton to pay President and Mrs. McKinley a visit. I told the President that I was not there to ask for anything for myself, but that it would be a great personal favor if he would make Mr. Roosevelt Assistant Secretary of the Navy. He at first opposed by saying that Mr. Roosevelt was too much a fighter, but eventually he granted my request."

Cigar Dealers Petition for Slot Machines and Shock Temperance People.

BERKELEY, Dec. 11.—The cigar dealers of Berkeley, through their organization, the Cigar Dealers' Association, shocked the temperance people gathered at the Town Hall by petitioning the trustees to be allowed to run slot machines in Berkeley. The State law declares that the slot machine when played for cigars is not illegal, but the local cigar men do not desire to put in the machines without the consent of the trustees, as they fear the board would retaliate by placing a restrictive prohibition license on the machines.

ENTOMBED MEN STILL ALIVE

Signals Can be Heard From Miners—Renewed Efforts Put Forward for Rescue.

BAKERSFIELD, Dec. 11.—The intelligence that one or more of the miners entombed in a tunnel at the works of the Edison Electric Company in a cave-in last Friday morning at 7 o'clock were alive and answering the signals of a rescue party worked from the top of the shaft down, brought to Bakersfield last night, was confirmed this morning by Superintendent W. S. Cone of the Edison Company at the works. Answering signals are still being heard but they are gradually growing more and more indistinct. The company officials are conducting a work of rescue with renewed activity and all other work at the camp has been suspended and every man is assisting in the attempt to reach the living grade of the unfortunate laborers. Although it cannot be ascertained how many and who the men are that are still alive, it is reasonably certain that one of them is Gustave Anderson, the foreman of the entombed gang. The signals which are being answered are those of the miners' code such as are used by foremen of the gangs.

CAPTAIN AND CREW SAVED

San Francisco Owned Iron Bark Melanchope Goes to the Bottom of the Ocean.

SEATTLE, Dec. 11.—A special dispatch to the Post-Intelligencer from Port Townsend says that Captain Willis of the British bark Melanchope, his wife and two young daughters and eighteen of a crew were picked up at sea on Friday last by the American schooner William H. Smith, bound in for Tacoma.

The Melanchope suffered severely in Tuesday's gale, her ballast shifting and she started to sink. The crew and the women spent the night in the rigging and next morning managed to get one of the boats out after four hours of work. After suffering for several hours in the boat, the schooner was sighted and they were taken on board in an almost exhausted condition.

The Melanchope was owned by Moore & Company of San Francisco, 2564 tons and rated an "A1" iron ship.

Captain Willis believes his ship to be at the bottom as she had 700 tons of sand ballast in her hold.

BIG CROWD GREET MAXIN ELLIOTT

A crowded house witnessed Maxine Elliott at the Macdonough theater last night in Clyde Fitch's romantic drama "Her Great Niece." The play itself is not very strong, its author being prompted to write it by the fortunes of Mrs. C. S. Chandler. The romantic part of it is based upon the Crown Prince of Prussia's attachment for William Waldorf Astor's daughter.

The artistic arrangements of the play are perfect, and Miss Elliott's support is certainly most superior, although her acting individually is nothing to brag of. Her beauty, grace and splendid stage presence are her main attractions.

Certainly the best part of the evening was that of the Grand Duchesse, taken by Madame Mathilde Contrelly. Her playing was exceptionally clever and without doubt one of the finest bits of stage work seen in Oakland for many a day.

Another who deserves special mention is Miss Gladys Morris as the Countess Sasavathi, who, though she did a small bit of acting, did it splendidly. Charles Morris also as the Royal Engineer, the wall, and the entire cast deserves praise.

Mayor Rickard Threatens to Call Out Police Force to Quell Belligerent Moralists and the Gin Mill Operators.

BERKELEY, Dec. 11.—The Trustees of Berkeley have declared for prohibition throughout the entire city of Berkeley. After January 1, 1907, no liquor can be legally sold inside or outside the mile limit of the city.

This decision was arrived at by the City Council after one of the most exciting and sensational scenes ever witnessed in the council chamber.

THE LIE PASSED.
During the debate between the temperance people and the liquor interests the lie direct was passed and the evidence of hypocrisy and perjury were hurled back and forth by Attorney Brown A. Hayne, on the one hand, and representatives of the clergy on the other.

Hayne, on the one hand, and representatives of the clergy on the other, were engaged in a violent and bitter struggle, and the cry of "saloon must go" was raised. Mayor Rickard pointed the desk with his hand and said: "I am not a party to this. I am not a party to this. I am not a party to this."

THE RESOLUTION.
After an hour's argument, the temperance people had their way, and by a vote of 10 to 2 the following resolution was passed:

RESOLUTION, AS PASSED.
Resolved, That it is the purpose of the Trustees of the City of Berkeley to grant no saloon license after January 1, 1907, and that the Town Attorney is hereby instructed to draw up an ordinance repealing the ordinance now governing the granting of saloon licenses, and that shall prohibit the sale of intoxicating liquors within the corporate limits of the municipality.

NINE SALOONS MUST GO.
The action means that the nine saloons existing in West Berkeley at the present time will be put out of business. The State law already makes the sale of liquor within a mile of the State university a crime. Trustees Council made the motion abolishing the saloons, and

GOT THE LAST PHYSICIAN BOTH WAYS IS HELD UP

Said He Had a Thousand Odd Drinks Aboard—So Court Fined Him.

BERKELEY, Dec. 11.—The limit of the law, twenty-four hours, in the county jail and a \$50 fine was given Earl Becker yesterday by Judge Edgar for contempt of court in taking the stand in an intoxicated condition, when called as a witness in the preliminary examination of Edward Sather. Becker is a teamster and had been driving a spring cart on Parker street on the afternoon of November 24th, when the assault was committed.

District Attorney Everett J. Brown, noticing the incoherency of the witness' testimony and the fact that the defendant had been drinking, asked him if he had been drinking. Upon the admission of the witness that he was under the influence of liquor even then, the attorney insisted upon showing the incoherency of the witness' testimony. He asked Becker how long he had been drinking. "Since yesterday morning," was the reply. "And how many drinks have you taken since yesterday morning?" was the next question from the prosecution. "Oh, about a thousand or two," was the answer.

"Do you mean one thousand drinks, or two thousand drinks?" asked Attorney Brown. The witness explained with great pains that he wasn't precisely sure, but to his best remembrance it was one thousand and two drinks he had taken.

Attorney Brown moved the testimony of Becker be stricken from the report of the case. Judge Edgar found the witness guilty of contempt of court for appearing in an intoxicated condition and sentenced him to twenty-four hours in the county jail. Later finding that he was empowered to add a fine he did so, giving the offender the limit of the law, which was in this case \$50.

Or Nearly So, Although Police Seem to Hold Different View of Matter.

BERKELEY, Dec. 11.—An attempted hold-up was reported to the Berkeley police Sunday morning by Dr. J. T. Farrar. Farrar said that a highwayman had attempted to stop him as he was driving his buggy at an early morning hour along Shattuck avenue and Emerson street. The physician stated that the stranger, who wore a heavy overcoat ran into the middle of the road and called upon him to halt. Farrar whipped up his horse, and drove as fast as he could to the police station. Hurry calls were sent to all the policemen patrolling their beats, and they were instructed to make every effort to find the hold-up man. An hour later Policeman Wooley reported that he was the man who had attempted to stop the physician. He said that he desired to know what the man in the buggy was up to at that time of night.

DOCTOR DIFFERS WITH OFFICER.
Dr. Farrar when seen this morning said that he could not have been the man who was stopped by Officer Wooley. He said: "There were two men nearby at the time I was commanded to halt. The man who spoke to me could not speak good English, and I believe that all the members of the Berkeley police force are, at least conversant with the English language. I have no doubt that Officer Wooley is telling the truth, and that he stopped somebody in that vicinity. In fact, I have been stopped by policemen when I was called out on an urgent case every two or three blocks in the course of my drive. I believe that the Berkeley police department is overdoing itself in this matter. Everybody knows a physician's buggy at night by its peculiar top, and a physician who was called out at a time when the streets are deserted should not be interrupted, as I may be called to a case of life and death. He should be respected as much as a Red Cross official in the time of public danger."

ALAMEDA GIRL TO BE A BRIDE

MISS JUANITA DAVID who is to marry Wendell J. Phillips at Alameda Wednesday night.

Miss Juanita David and Wendell J. Phillips to Wed Wednesday Night.

ALAMEDA, Dec. 11.—Tomorrow evening Miss Juanita David is to become the bride of Wendell J. Phillips at the home of her parents at the corner of Sherman street and Pacific avenue. The ceremony is to be extremely simple and will be attended by the relatives of the couple and a few friends.

Miss David is one of the most charming girls in Alameda, and that she will be the bride of Wendell J. Phillips is a matter of keen regret to those in this city who are acquainted with her. She is a graduate of the Alameda High School, having been high in her class, and has resided here for a number of years, each year adding many friends and making her a very popular girl. Miss David is a pretty brunette, with a grace that is given to few.

The groom-elect is a resident of Los Angeles, and is a very successful business man. The wedding will be the culmination of a romance, started at a summer resort two years ago. Mr. Phillips and Miss David met at Tahoe for the first time, and from that time the engagement was announced. After the ceremony the couple will leave on a short wedding tour.

WIDENING OF STREET FORCED

Berkeley Trustees Overrule All Protests of Property Owners Near University.

BERKELEY, Dec. 11.—The Berkeley trustees last night overruled all protests and finally ordered the opening of the Alston way Col-de-Sac Run from Telegraph avenue to Dana street, skirting the university property. For many years the matter of widening this street has been before the board and each time protests of the property owners, delayed the improvements. Now the trustees have decided to go ahead and let the protesters take the matter to the courts, if they so desire.

Attorney Hewitt represented Mrs. Silvershield, one of the property owners whose land is to be taken to widen the street. He stated that the trustees were ordered to try to block a much-needed public improvement. He said the present condition was a disgrace to the city, and it was better to be a wide thoroughfare.

SATHER HELD TO ANSWER TO BOY CHARGED WITH ATTEMPTING ASSAULT WILL BE TRIED IN SUPERIOR COURT.

BERKELEY, Dec. 11.—Edward Sather, charged with attempting to assault little 10-year-old Rosie Monk, was held to answer in the Superior Court yesterday as the result of his preliminary examination before Justice of the Peace Robert Edgar of Berkeley. The hall was fixed at \$200. Last week the preliminary examination of Sather was begun and yesterday the testimony taken was chiefly that of other witnesses for the prosecution. Last week the young man occupied the stand for the greater part of one morning last week.

Most of the witnesses examined testified to having seen the defendant in the vicinity of Parker and California streets, on the evening of Saturday, November 24, Contractor Brown, who was working on the corner of Parker and California streets at the time the assault took place, identified the young man as the person whom he saw in an automobile near the corner of Parker and California streets on the afternoon of Saturday, November 24. The witness remembered the defendant well because on a previous occasion he had loaned him a rifle.

Carl Olson, a young man residing at 2383 California street, was called to the stand and testified to having seen the defendant on Parker street, near California, about 6 o'clock on the afternoon of November 24. The witness remembered the defendant well because on a previous occasion he had loaned him a rifle.

Milton A. Feiler testified that Sather had been in his employ at the time in question and that he saw about the assault is alleged to have taken place. He sent the young man on an errand to a plumbing shop near the corner of Parker and California streets.

Ned Monk, the brother of the little girl, was then brought upon the witness stand, and stated that he saw young Sather on Channing way at the corner of Jefferson street at 6 o'clock on the afternoon of November 24.

Nora Monk, the sister of the prosecuting witness, said that she saw Sather in the vicinity of Channing way and Jefferson street on the afternoon of November 24. She was attempting, but described him as wearing a dirty white hat. Mrs. Monk told of meeting her daughter on her way home after her experience with the defendant, as alleged. The garments worn by the little girl at the time were displayed in court.

Detective Henry Jamison said that he had taken Eddie Sather to the police station and that he saw him in a room where he was being held. The child herself was also placed on the stand for a few moments, but only

INSULTED THE COLLEGE GIRLS

Contractor Is Arrested on Complaint of Students Whom It Is Said He Annoyed.

BERKELEY, Dec. 11.—Charged with insulting college girls on the university campus, Louis J. Legg, a contractor, was placed under arrest yesterday afternoon by the Berkeley police. Marshal Vollmer says reports have been coming to him for several days past concerning a man who was spending much of his time in the vicinity of the Greek theater and the university library, waylaying and frightening co-eds. Several officers were detailed on the case, with the arrest of Legg. Legg resides at 2315 Louisiana street. Immediately after his arrest he was released on bonds. He protested his innocence, asserting that his is a case of mistaken identity.

Attorney M. C. Chapman for the defense did not show his hand at that time, but it is believed that he is working up a strong defense for Sather.

YOU, WHO LIE AWAKE O' NIGHT.

BY VIRGINIA WOODWARD CLOUD.

You, who lie awake o' night,
Listening to the rain,
Know, mayhap, it falls more light
Where you eased pain.

You, who long awake have been,
Harkening the wind,—
Know you that it blows less keen
Where you were kind?

You, who watch with midnight keep,
Tears and tempest wild,
Somewhere one hath softer sleep
Because you smiled.

You, who tryst with darkness hold,
Hush o' nights have proved,
Somewhere falls the snow less cold
Because you loved.

PRETTY GIRL WIFE'S
ANGER CAUSES 3 SUITS

Youthful Bride Not Only Seeks Divorce,
but Sues Her Husband's
Mother.

NEW YORK, Dec. 11.—Papers in three suits filed in the Supreme court, alleging in turn abandonment, cruel treatment, conduct unbecoming a wife and machinations by which a youthful husband's love was turned to hate, testify eloquently to lack of harmony in the Burnett family.

Mrs. Belle Burnett asks for alimony and counsel fees pending her suit for separation. Her husband, Charlton Burnett, brings a counter suit for absolute divorce, while, to complicate further the tangled family feud, the younger Mrs. Burnett sues her wealthy mother-in-law, Mrs. Jeanette Burnett, for \$50,000, alleging that she has influenced her son against his wife.

When seen, Mrs. Burnett, the younger, told her side of the case. She is decidedly pretty, with a great deal of dark brown hair, which she arranges becomingly.

"We didn't get along from the first," said Mrs. Burnett. "I was cruelly disappointed in my husband. Why, do you know, he would lock me in a room in the hotel where we were living and

go away and leave me. We were in Atlantic City once when he did that trick, and when I managed to get out I found he had gone and left a hotel bill unpaid. I had a terrible time getting back to New York.

"Your husband alleges in his complaint that you drank and smoked in the presence of other men."

"Oh, how terrible!" exclaimed Mrs. Burnett. "How absolutely false and perfectly ridiculous! I do not see how he could dare to tell such untruths about me."

"I had to leave him at last," she continued. "He had actually threatened to throw a cut glass bowl at me if I did not call up on the phone and make certain statements to a man. Then he persuaded me to come back and we lived with his mother. I had to go again, finally, and he stopped the small weekly allowance he had been paying me, so what else could I do but bring this suit? And I am going to have something else to say before long, which I think will be rather startling."

WOMEN WIELD HAMMERS
ON THEIR MEN MASTERS

Mrs. Celia Downing Has Experience
in Temporary and Permanent
Marriages.

Mrs. Celia Downing, who was divorced from Harry Downing in 1903, has as decided views on the subject of matrimony and trial marriages as Mrs. Teffy of Chicago, or Mrs. Eaton of Lincoln.

The only difference is that Mrs. Downing believes in neither the regular nor the trial marriage, because of bitter experiences in both.

"There is one consolation about a trial marriage," said Mrs. Downing, "and that is you can secure freedom without the formality of the divorce court, and the delays of the law. I do not expect to ever see a man again that I would marry. They are all the same."

These remarks were made after Mrs. Downing had read the words of two other fair divorcees on the subject of marriage. Mrs. Armand F. Teffy of Chicago, twice divorced, the second time from a prominent attorney, says: "The only way for a married woman to be happy is to shut her eyes. City marriages are not made for love. Girls in Chicago marry to avoid working downtown and to get a home."

"Not one man in 1000 in Chicago respects his marriage vows a year after the ceremony. The woman is better. When I marry again I will wed a rich man, shut my eyes and then be happy."

Mrs. Robert T. Eaton of Cody, Wyo., has just been divorced from her husband, a business man of Lincoln, Neb. He brought the suit at her request. He believes in free love and thinks that marriage puts an end to real affection. A letter written by Mrs. Eaton to her husband, used in the divorce trial, explains her position. She says:

"If we could live and work together as friends and lovers, I would gladly wish to be with you again. Unless you get a divorce we never can do so. I don't believe in marriage any more. There is a higher law than the law of church or man. Our lives

are an example. I love you and you desire to be with me. Yet, what a mistake our marriage was! If we had stayed single we would have been friends and lovers and been reasonably happy together.

"When you get a divorce and matters are righted we can come together again and be friends."

Mrs. Eaton informed her husband that she will never marry again, although she has found an affinity who is kind to her and believes as she does about matrimony.

Mrs. Downing was married when a mere girl. She was standing on the steps of her home on Arapahoe street, when Harry Downing passed and saw her for the first time. It was love at first sight, and in two weeks they were married. For three years they had a happy home, but no children came to bless it. Then Mrs. Downing believed she had reason to be suspicious and her investigations were followed by a suit for divorce, in which the defendant was charged with infidelity.

"Two years later," said Mrs. Downing, "I met a man who was my ideal of every thing good and true. My experiences were such that I would not marry him before a judge or minister. I found, three months later, that my views were correct. We parted when I found him paying attention to other women. Once again I tried to have a real home, and again I was disappointed. This time the dream lasted only six weeks. When Mrs. Teffy says there is not one man in 1000 in Chicago true to his marriage vows a year after the ceremony, she might put in Denver and the rest of the big cities.

"If some arrangement could be made so that a man and a woman could live together long enough to know each other thoroughly, without incurring disgrace in the eyes of the world, I believe that much unhappiness could be saved, and a host of lawyers would have to do something else than procure divorces."

SCIENCE APPLIED TO PROPAGATION OF RACE

BRANCH OF EUGENIC SOCIETY FORMED BY OAKLANDERS

ZODIAC SIGNS
AFFECT BIRTH

Mrs. Jennie Chamberlain Tells of Her Personal Observations.

Initiative steps in the establishing of a branch to the Eugenic Society, a national organization formed for the purpose of studying the propagation of the human race which was recently held at a meeting of some twenty-five persons, held in Foresters' Hall. The assemblage was an enthusiastic one, made up of both sexes, the ladies being in the majority. Following a discussion of the subject by Mrs. Jennie M. Chamberlain, who has taken an interest in the national society, the body organized temporarily, and elected W. T. Crosthwaite temporary chairman and Mrs. Jennie M. Chamberlain, temporary secretary. It was decided to hold a second meeting Friday evening of next week, the place of assemblage to be published at a later date.

Some whose curiosity had been aroused by the announcement of the intention to establish such a society for the studying of the propagation of the human race and the acquiring of means whereby the race can be made more healthful, intellectual and successful, attended the meeting in order to learn more of the subject, while others advanced their ideas concerning the manner in which the object can be carried to a successful conclusion. The afternoon's discussion resulted in an understanding between those who made up the assemblage, as to what course should be pursued in gaining the desired end.

MANY LADIES PRESENT.

Among those who attended the meeting were Mrs. Morton Lindley and Miss Mary Lambert, prominent as authorities; Mrs. Harkay Hatch and Mrs. C. Morser of Alameda; Mrs. Charles S. James, Mrs. Nellie C. Lane and Mrs. E. D. Bonis.

The meeting was called to order by W. T. Crosthwaite, who stated that the object was the formation of a branch to the Eugenic Society, which was recently established in Chicago, and which now has its headquarters in Washington, D. C.

Continuing his remarks, Chairman Crosthwaite asked for expressions of opinion from any one who desired to speak. Mrs. Chamberlain, who called the meeting together, delivered a lecture concerning her opinion of the question involved.

Mrs. Chamberlain contended that the positions of the stars and planets at the time of a child's birth had everything to do with the after life of that child, in regard to its disposition, character, health, wealth and happiness. For this reason she contended that a society should be formed to propagate the human race and regulate the births of children, so that they might come at a favorable time.

SIGNS OF ZODIAC.

Mrs. Chamberlain further pointed out

REV. ROBT. WHITAKER.

that many books have been published in which the twelve signs of the zodiac are said to come about each year, or one sign each month, thus making the births of each month come under some particular sign. She claims that these works are misleading and that the world in its daily motions comes in contact with every constellation in the heavens, it taking two hours to pass a given point. In this way, Mrs. Chamberlain declares that the births of a day are affected by every sign in the zodiac.

Further than this, she contends that those who are born when Jupiter is in the ascendancy or in the mid-heavens, will be the most successful in life. The exact time in which Jupiter is in the ascendancy or in the mid-heavens each day can be fixed definitely by a study of astrology, although this period varies each day. Mrs. Chamberlain said in the course of her remarks:

"When I heard of the establishment of the Eugenic Society, for the purpose of studying and developing the propagation of the human race, it made me happy, and I desired to express my feelings in some way. I have studied astrology for about eighteen years, and I felt that in it there was a solution of the vexed problem. I at once determined, upon the advice of a friend, to express an interest in the subject on this coast. I desired to see California take the lead in formulating a branch of the national society, and I have therefore called you here today. I thought that we should have a meeting some time before Christmas, if only a preliminary one.

"It seems to me that the time has arrived for us to see and hear of the hereditary influences and pre-natal environments which effect the propagation of the human race. For eighteen years I have been interested in the planetary influences, and I have had some wonderful experiences. My deductions have never failed me, and she is not bound by style. A child is born in the right sign, it will be healthy and successful. Its disposition,

TO IMPROVE

and in fact its entire life, is cast at the time of its birth.

SOLUTION OF CRIME.

"We have been looking for a solution of the crime and woe which has befallen mankind, and we wonder why our jails, homes for the feeble-minded and insane asylums are filled to overflowing. My solution for this is that the birth of a child be so regulated that it will come under a fortunate sign.

"The atmosphere is charged with elements, which come from the planets. These elements contain magnetic influences which start the brain of the babe when it is born. The first day of a child's life develops its health for a year. The theory of the evolution of astrology is best as I have found it so in all my experience.

"I will give you a short synopsis of my theory. As the earth turned on its axis, it came in contact with each constellation. At each of these points a little nerve grew on each side of the child's brain, thus making twelve nerves on each side of the brain.

"At this juncture, Mrs. Chamberlain gave illustrations of experiences she had had in real life, and how she had foretold events by her study of the stars.

"The question was asked: 'What good would it do to know our horoscopes?' Mrs. Chamberlain's reply was: 'It would save life, it would teach us to be on our guard when sick spells were coming on. Would harmonize the relations of parents and children, and would save loved men and women.'

"I have several times foretold the time of persons' deaths, which I can do by a horoscope. I do not believe, however, in telling people when they are going to die. Many lives have been saved, however, by knowledge of conditions.

Mrs. Chamberlain's answer to the following question was in the affirmative: 'Is it possible to have children well born?' She continued her assertion by saying that the time of birth could be so regulated that it would fall in the proper sign, almost to the second.

Another question was asked as to how the results of the Society's work could be circulated. 'Jupiter and Neptune will be in the heavens at a certain time,' said Mrs. Chamberlain in reply, 'and they will develop a desire in the minds of people to uplift the human race. The movement started sometime ago in London, and is now going on in this country. It will be agitated by discussion and the newspapers.'

It was the consensus of opinion of the assemblage that if astrology was found to be the way to solve the problem, then astrology would be studied.

PASTOR IN FAVOR.

Rev. Robert Whitaker, pastor of the Twenty-third Avenue Baptist church, expressed himself as heartily in favor of the movement. Concerning the matter, he said:

"If the members of the organization are true in their purpose it is one of the grandest movements ever started. If as much attention was paid to the scientific propagation of the human family as is given to that of the lower class of animals, this world would contain many perfect beings. Time and energy have for centuries been spent by scientists in research into the animal kingdom of lower origin. And yet the human family, the highest creature in form of animal, has been left to take care of itself and to be born as it pleased."

MRS. STUYVESANT FISH DECLARES
AMERICAN WOMAN IS BEST DRESSED
IN THE WORLD BECAUSE SHE IS NOT
BOUND BY STYLE; SHOWS INDIVIDUALITY

(By Associated Press.)

CHICAGO, Dec. 11.—A New York dispatch to the Tribune says: Mrs. Stuyvesant Fish, who arrived home from Europe yesterday, when asked if she had brought many Paris clothes, said: "No, I brought back but few for the reason that I think American-made gowns are far better than those one gets in Paris. The materials are more durable, they are better made and the American dress-maker, to my mind, is more original in her ideas than are the dressmakers of Paris. The American woman is the best dressed in the world, because she is not bound by style. Her individuality is expressed in her garments. In Paris women are slaves to mode. They are all of a pattern."

THE SONGS I SANG FOR YOU.

BY CLARENCE URMV.

I sang for you one early morn
When leaves with dew were wet.
Though years have passed, that simple song
Rings in my memory yet;
You were my little Queen of Flowers,
I lay low at your feet,
And crowned you with a diadem
Of blossoms fair and sweet.

I sang for you one afternoon,
A bird sang overhead:
"Your song is far the sweeter song,"
Those were the words you said;
I wooed you for my bonnie bride,
You gave your heart and hand,
And forth we wandered arm in arm
Across the twilight land.

I sang for you one starless night;
My tears fell like the rain;
You bade me sing "Abide with me"—
I did not end the strain.
You closed your eyes, and lo, your ears
With angel music rang!
I wonder if you e'er recall
The earthly songs I sang!

CIGARETTE STUMP LEADS
PAIR TO DIVORCE COURT

The Husband Smelled Smoke Which Conducted Him to Other Man in Case.

NEW YORK, Dec. 11.—The nicotine-stained butt of a cigarette led to the divorce of John H. Hutchinson of New York avenue, Hudson City, from his wife, Jennie. When Hutchinson returned home from his work in the Lackawanna roundhouse one night he found the tell-tale cigarette on the mantel shelf. Not being a cigarette smoker himself, he wondered.

"A man gave me that in a car," said his wife, according to the testimony. "He was smoking a cigarette and I asked him to stop. He said I was a courageous woman and gave me what was left of the cigarette as a souvenir. I brought it home."

A little while after that Hutchinson returned home unexpectedly. His wife, he says, refused to let him in.

When he finally did enter the house the rooms reeked with cigarette smoke.

Hutchinson went out and saw a man standing on the street corner smoking cigarettes. He took a mental picture of him.

Later he followed his wife and she met the man whom the husband had seen puffing cigarettes. The husband thrashed the man, who ran off, leaving his hat behind him.

Hutchinson engaged Weller & Lichtenstein to start divorce proceedings. Testimony was taken before Senator James F. Minturn, as Master. Minturn recommended a decree. Chancellor Magie has signed an order giving the custody of the two children to the father.

The couple was married in 1898.

APPROVAL STAMPED ON
RIDING ASTRIDE HABIT

The Society of London Follows the Lead of Lady Constance Stewart-Richardson.

LONDON, Dec. 11.—From time to time women in England and elsewhere have ridden horseback astride. They generally have been looked upon as a high-class of freak. But now society has stamped its approval on the astride seat for women and it is rapidly becoming the fashion.

Lady Constance Stewart-Richardson always rides astride and for years has been a noted figure in Rotten Row, wearing a pretty long skirted coat and gaiters or long boots instead of the orthodox riding habit. But then Lady Constance, well known in the United States before her marriage as Lady Constance Stewart-Mackenzie, has always been in the van in the world of sport and its innovations. She is the champion amateur lady swimmer, shot, rider, billiard player and what not?

The other day the Row saw a youthful and distinguished figure riding astride. It was the Viscountess Castlereagh. She was Miss Edith Chaplin, daughter of an ex-cabinet minister before her marriage to the heir to the Marquisate of Londonderry. Her husband is adjutant of the Royal Horse guards. His wife is the leader of the younger set of matrons in the most exclusive circles of British society.

She, therefore, can do no wrong. So when she publicly showed her approval of riding astride, and a few days later was backed up by the youthful Duchess of Westminster, the riding astride became an accepted fact in society and is now the fashion.

The ladies mentioned have beautiful, lithe, slim figures and look delightful astride horses. They all wear either long coats and gaiters or divided skirts and boots.

In the shires hunting is in full swing and at the more fashionable fox and staghound meets, ladies have, in a great many cases, abandoned the side-saddle for the new method. Many American women are this winter hunting, especially with the Quorn, Pytchley and Belvoir packs and will, it is thought, be only too glad to ride according to the method now adopted by English society, but which for years has been welcomed in the United States.

The daughters of the aristocracy in England are largely being given riding lessons astride and it is a common sight in the Row to see girls and matrons riding the same style as their men folks.

Lady Castlereagh has a delightful place near Melton Mowbray, in the heart of the best hunting country and is distinguished as one of the best sportswomen in England. She has just had her photograph taken astride her favorite hunter.

her friends only by the name of "Wire Hair," has lived with her mother, Mary Hollister, in an old stable for the last six months. The child got her name from the fact that her hair stood out on all sides like the quills of a porcupine. She does not know her own age, and her mother says she may be twelve or she may be fourteen years old. The father years ago deserted them.

The owner of the stable who hires horses to street hucksters, gave them employment about the stable. With the little money the man gave them

they were barely able to exist. They slept in an old shed cut off from a portion of the stable. There were cracks in it two inches wide, through which the wind blew at pleasure. Their food they got off the dumps and begged from the hucksters. Their tableware consisted of an old dish and a broken cup. They had for clothing only one garment apiece. They had no fire, but seemed perfectly happy and contented.

SANDY WINS IN TEX RICKARD A VERY HARD DRIVE EXPOSES NOLAN

HILDEBRAND, CHAMPION JOCKEY, WILL RIDE NO MORE.

Down-Pour Keeps All But the Case Hardened Regulars From the Course.

The heavy rains of the morning which developed into an incessant downpour this afternoon, converted the track at Williams Park into a sea of mud. The inclement weather had a tendency to reduce materially the attendance and only the regulars turned out to battle with the bookmakers. The racing card was a very ordinary one, most of the races being conditional affairs.

First race—The opening event which was for two-year-olds was won by Marion Rose, whose best price was 3 to 1. She was a little bit slow to begin, and after Mabel Hollander had shot her bolt, the Balgownie filly went to the front and simply tinned the last quarter, winning with some to spare. Herless Lass got away all tangled up, but made up ground and captured place honors. Triumphphant stood a long, hard drive and wore down the pace-maker of the show, Barney Schreiber disposed of Marion Rose before the race, to the Fleur de Lis stable, for \$1000. The stable sent in a commission, which more than won her out.

Second race—The great Miller and little Tommy Sandy hooked up in the one mile dash, and honors went to the latter in a hard drive through the stretch. The money went in on Nabonasser with a Knapp up, backed from 4 to 2, but the chestnut horse made a sorry show, losing in a sixth.

Third race—Laura F. M. closing around 8 to 5 was an easy winner in the Futurity course sprint, with Hovsian, the 20 to 1 shot, second, and Royal Ragoon third. Hovsian was first to show the pace by banking the rise of the barrier, and lead the field to the stretch where Laura F. M. took command and held her there to the wire.

Fourth race—The long distance race was only a bit of a struggle. Jockey Miller had the boot on and he nursed his mount along, winning as he pleased. Dolinda, the 20 to 1 shot, was first to show the pace by banking the rise of the barrier, and lead the field to the stretch where Laura F. M. took command and held her there to the wire.

Fifth race—It was a great day for favorite, in spite of the mud. Santa Ray, at 7 to 5, easily captured the fifth event. Marten was second and Avonella an easy third.

Sixth race—Barney Schreiber, the even money choice, took the closing event in a hard drive from Native Son. Angella closed stoutly and grabbed show money.

The features of yesterday's races was the riding of Miller and Sandy.

Joe Jones, once a jockey, but now an owner, is due here in a few days from the East.

Watch Jockey Tommy Sandy. He is a corner.

None but the case hardened regulars were on hand yesterday.

Tab Andrew R. Cook. He will win the next time out.

Barney Schreiber sold Marion Rose for \$1000 to the Fleur de Lis stable.

JOE GANS UPHOLDS THE PRESIDENT IN DISMISSING THE NEGRO TROOPS

Joe Gans, Who Is to Fight Kid Hermann at Tonopah, Nev. The Lightweight Champion Declares Roosevelt Would Have Followed the Same Course With White Soldiers if They Were Complained Of.

BY HARRY POST. TONOPAH, Nev., Dec. 11.—Joe Gans, champion lightweight fighter of the world, has come forth as a defender of President Roosevelt in the stand taken by the chief executive on the dismissal of the belligerent negroes of the Twenty-fifth Infantry after the Brownsville riots.

Gans, it must be said to his everlasting credit, is proud of his race and in his own way is a great worker for the uplifting of his people. This statement may sound strange when it is pointed out that Joe is a prize fighter by profession but, in his work for the betterment of his people, Joe Gans' profession is only the means for an end. There is hardly a worthy society for the helping of the negro race in this whole United States that Gans has not contributed to in a financial way. The lightweight champion has his failings, chief among which is gambling, but he has never been known to refuse a call for financial aid from workers in the negro cause.

It is this trait of racial pride in the makeup of Joe Gans that causes him to take more than a passing interest in the Brownsville affair and the attitude of the President as well as in the criticisms made on the President.

ARE AGAINST BROOKS. "I have talked with a great many of my own people since Mr. Brooks has taken it on himself to attack Presi-

dent Roosevelt, and with but one or two exceptions, all have expressed themselves as deaf against the sentiments that Mr. Brooks expressed in his foolish sermon.

"Now, it may seem funny for me, a prize fighter, to be criticizing a minister of the gospel, but I have always taken an active interest in the welfare of my people and when a colored man does anything to injure the standing of our race I shall always resent it. Mr. Brooks, I should judge, is one of those men who let his desire for attracting to himself public notice to get away with his good sense."

"If Mr. Brooks would devote his time to helping the innocent men of the Twenty-fifth to get back into the service and erase the blot from the record of the regiment, instead of creating more sentiment against the colored soldiers he would be spending his time to some advantage."

"Mr. Brooks has not the support of the colored people of the country. He had no right to criticize the President and he is not upheld in his action. Mr. Roosevelt is right and he is a friend of our race. It is my hope that Mr. Brooks' remarks will be ignored by not only the white people of the country but by the colored people as well. Our people have enough burdens to carry without being held back by injurious remarks such as Mr. Brooks is credited with having uttered."

GLIDDEN HAS EXCITING TRIP. Two telegrams have been received from Charles J. Glidden, who is making his world tour in an automobile. On December 3 he was at El Paso, Texas, having completed 1465 miles of railroad traveling over the Rock Island railway and 36,311 is his world mileage. Glidden encountered cold winds, snow and rain during the latter part of his ride through Texas in his machine, and the ride was anything but comfortable. On December 5 he was at Alamogordo, and wired that he had just mounted the pass known as the Cloudcroft Pass, which is 9000 feet above the level of the sea and the approach to which is twenty-two miles long by rail. This was concluded on December 5 by Glidden and his party, on the first speed all the way, which is by far the longest and most desolate grade or hill climbing exploit ever accomplished by an automobile.

BIG CONTEST HINGES ON THOMAS

Joe Thomas will go to Sacramento to engage in a contest with Frank Mayfield, which will be held at a near date. These boxers were among the best of the writers in the amateur ranks, and met on one occasion, Thomas getting the decision. If Thomas defeats Mayfield, Billy Roche intends to bring Mysterious Billy Smith down from Portland to fight Joe. While Smith has not engaged a contest for a long time, he was among the best of the writers when he stopped fighting.

FITZGERALD MAKES BAD SHOWING

DAYTON, O., Dec. 11.—Willie Fitzgerald of Philadelphia fought twenty rounds to a draw here tonight. Fitzgerald was in poor condition and made a showing far below his usual standard. In the first three rounds, before he had lost his steam, he waked all around Sullivan, punching him with lefts to the stomach and reeking his head with stiff lefts to the chin. In the second round he scored the only knockdown, catching Sullivan with a stiff uppercut in the chin as he was coming in. Sullivan braced up after the first few rounds, and up to the seventeenth had Fitzgerald fighting in his own corner practically all the time. In the seventeenth both men threw caution to the wind and went in to wind up the bout. Both disregarded the clean-break style and fought themselves free from clinches with a vim that had the audience on its feet.

(The draw puts a crimp in the card that Willie Britt had arranged for December between James Edward and Fitzgerald. Fitzgerald was matched with the proviso that he would win last night, of which he said there was no doubt. Whether he would be a debatable question. It will probably be an in-and-out. It was the unexpected that happened, but it may interfere with the present plans. Willie could not be located last night as to his plans.)

TERRY MAKES BACK TO HIS KEEPERS

STAMFORD, Conn., Dec. 11.—Terry McGovern, the pugilist, who collapsed a few days ago in Brooklyn, was brought to the sanatorium here today, where he was received two years ago and where he created a sensation by walking away. He was accompanied today by his manager, Samuel Harris, Dr. Joseph Cramer and three other men. Dr. Cramer stated tonight that McGovern's collapse is complete, incipient paralysis being threatened. Manager Harris said that McGovern was through with his fighting days.

POWELL WILL LEAVE FOR TONOPAH

Low Powell, the local boxer, will fight Adam Ryan ten rounds in the preliminary to the big fight at Tonopah. There was some hitch as to weight, Powell holding out for 135 pounds, which terms were conceded to him. The purse offered is \$1000. Powell will leave for Tonopah at once.

The moving pictures of the O'Brien Burns contest will be put on exhibition in this city on Monday night. Jack Cribbing, O'Brien's manager, who will look after his interests in the show, is considering Dreamland Kink or Walton's Pavilion as a place to show the pictures.

RELIANCE AND CENTURY AGREE ON HOLIDAY GAME

Both the Clubs Are Striving to Make the Gridiron Contest a Lively One. The Reliance club, after much dickering and squabbling, has at length come to terms on its Christmas day game with the Century football team. Arrangements have practically been completed for the big game, but there still remain certain details over which the managers are contending.

Both clubs are working hard to make the game the best game of real American football ever played in Oakland. The rivalry between the teams has been long and bitter and although the Century team has for the past two years been trying to tempt the Reliance team with all kinds of inducements, it was not until last evening that the Reliance team agreed to meet the Century team.

Of the two teams the Century team as it stands today is by far the stronger, and before the Christmas game will be still stronger. They are reaching out every day for new players, and have added many of the best footballers in the state to their ranks. Thus far in the season they have played two games against much heavier opponents, and in both games proved to be a strong defensive team.

DREAMLAND'S NEXT BIG CARD

SAN FRANCISCO, Dec. 11.—The Manhattan Club will hold its regular show at Dreamland pavilion next Friday night. The star bout will be furnished by heavyweights, and as "Tar" Reardon, the lightweight champion is pitted against C. Mayer, the boxer who was sent to the Coast last spring to represent the Empire State in the Olympic Club tournament, a training camp is anticipated. Reardon has always won via the knockout route and is a rugged individual. Mayer is a rushing, slam-bang sort of a scrapper depending upon his strength and aggressiveness to win.

HYOMEL CURES CATARRH

Costs Nothing Unless It Gives Relief—Sold Under Guarantee.

In many instances Hyomel has cured catarrh when the patient has suffered from childhood. Quite a few people in Oakland who have been unable for years to get a good night's sleep on account of the disagreeable tickling and dropping at the back of the throat, have obtained quick relief from a few treatments with Hyomel, and the continued use has made a complete and lasting cure.

There is no stomach bracing when one uses Hyomel. Simply breathe its medicated healing through the pocket inhaler that comes with every outfit, and all catarrhal germs will be killed and the mucous membrane will be healed.

A complete Hyomel outfit costs but \$1, sufficient for at least two weeks treatment, making it one of the most economical methods of curing catarrh. If the outfit does not complete a cure, extra bottles of Hyomel, if needed, can be bought for 50 cents. Remember that there is no risk in buying Hyomel. It costs nothing unless it cures.

All druggists should be able to supply you with Hyomel or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. It was originally planned that the marriage should be one of the society events of the winter, but the sudden death of Mr. Cline's mother at

TRIBUNE POPULARITY CONTEST.

TUESDAY EVENING,

'LILY OF CHEE' BOO' PLEASES

Initial Performance of Opera by Local Composer Promises Success at Idora.

Editor of THE TRIBUNE: A grand feast of light and the birthplace of an opera is the week's record for Oakland on her journey towards the metropolitan mark. Who would not desire to hear the "Lily of Chee"? The darker the night, the more brilliant the feast. Let there be light is easy; let a masterpiece of music come into being is a difficult story.

Last night a good crowd gathered the elements to witness the initial performance of the "Lily of Chee," a comic opera, the libretto of which is written by Thomas Newman, the music by Theodore Vogt, a composer of local fame. Local pride is good imagination food, but even that, combined with a hard work of genius, cannot make a masterpiece.

Local pride is good imagination food, but even that, combined with a hard work of genius, cannot make a masterpiece. The opera is a good one, and the performance is a success.

The orchestra is also very fine, but the failure of the work lies at the door of the librettist. The play lacks action, there is not one dramatic situation to cause a smile, the technique is poor, and why credit due comes to the composer, the artists and the stage management, the latter especially being good.

The change of scene in the second act is a wonderful quick piece of work. The stage pictures and groupings under the management of the director are very good. The opera is a success.

NOVELTY THEATER THIS WEEK. The popular Novelty Theater on Broadway is again to the front with a great show. There is no doubt that the best offering seen in a vaudeville theater in this city in many a day. Every act on the bill is worthy of being the feature of any vaudeville show.

The show opens with two new imported French motion picture films, the second one of which is the most beautiful colored film seen in this coast this season. The three Santa brothers are the next in line and offer a musical performance that is quite new and original.

BEST CARD OF SEASON FOR VALLEJO. VALLEJO, Dec. 11.—The best festive exhibition of the season will take place in this city tomorrow night when Cy-clo-cene Thompson and Fred Ward, two very clever lightweights, will box twenty rounds before the Palm Athletic Club. Both men are in the pink of condition.

CLEVER NEW STORY. The many thousand little children who have been entertained for the past few years by Frances Trego Montgomery in her series of witty "Whiskers' Books" are again remembered by her this year in a new story entitled "Billy Whiskers' Friends."

This book is made up in uniform style with the original "Billy Whiskers," a style which has proved so successful with the little folks. "Billy Whiskers' Friends" is seven more clever than any of the previous titles, as Mrs. Montgomery has found a more enlarged field, covering as it does the friends of Billy Whiskers—the dog, the horse, the chicken, the pig and numerous other characters likely to come into the friendship of a well-regulated billy goat. As will be remembered by thousands of tots, Billy Whiskers' original place of residence was Boston, where Billy Whiskers, Jr., was born. The youngster moved West into the state of Missouri, there to grow up with the country, and in the new volume Billy Sr., and his wife, Nannie, decide to make their son a visit in this far-off country. This they do, and their experiences form the basis of a most thrilling and exciting story that will more than please all the friends who are keeping track of the little "Whiskers" family. The book contains six full page colored illustrations and over fifty black-and-white text pictures and decorations. Price, \$1.00. Publishers, Barse & Co., Publishers, Chicago.

Beware of Ointments for Catarrh That Contain Mercury, as mercury will certainly destroy the sense of smell and completely damage the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle.

SANDY WINS IN HARD DRIVE

Hildebrand, Champion Jockey, Says He Has Ridden His Last Race.

(Continued from Page Nine.)

gallopers. He had continual trouble keeping down his weight, and did not ride as often as he wished. A couple of weeks ago he announced that he would probably ride no more after this season, but would gather a string of horses together to campaign along the Coast. Yesterday he decided not to accept any more mounts, but to start at once in buying light material for winning.

The champion jockey is classed by many experts among the greatest riders the United States ever produced. He came closer to making a no account horse win among other boys with the possible exception of Tod Sloan. Not only on a free runner, but on a horse inclined to loaf was Hildebrand more than successful. He seemed to understand the disposition of gallopers intuitively and with that understanding as a basis for his effort, he seldom made a mistake in a race.

It can hardly be claimed that Hildebrand had the pick of mounts as do the crickets now, but he was so skilled in his handling of even unpromising material that he rode the most winners during one year.

He enters the owning and training end of the game with good prospects of making a name for himself just as he did when riding.

It is thought that Jockey Jakey Jones will ride in England for August. Belmont, Frank Healy arrived here yesterday and Jones will come in a few days. He stayed over in New York to see Belmont about the matter. Jakey has grown too heavy to do much riding in this country.

Jockey McIntyre will be in good standing beginning tomorrow and in a position to accept outside mounts. Willie Applegate was absent from the ring and his clerks had a day off.

The thoroughbred that will be disposed of at the dispersal sale of the Rancho del Rio include the following: Stations—Imp. St. Avonius, Ravelston.

There are now about 800 horses at Ascot Park. The Macdonough sale of yearlings, scheduled for last evening, was postponed on account of the inclemency of the weather.

APPLICATIONS FOR FOUR FRANCHISES ARE LAID OVER BY COUNCIL COMMITTEE AGREEMENT TO BE REACHED BY CONTESTANTS COUNCILMAN ELLIOTT SCOLDS THE SANTA FE RAILROAD

PROMISES HAVE BEEN BROKEN, HE SAYS

OAKLAND IS SLIGHTED BY
COMPANY DESPITE
AGREEMENT.

Declares it Was Not the Inten-
tion to Make City a
Terminus.

It was decided last night by the Committee of the Whole of the City Council that the railway line on Wood street, for which the Western Pacific, the Santa Fe and the San Francisco, Oakland and San Jose Railway are asking franchises, should be a belt line. Following a brief discussion of the several franchises last night, a further consideration was continued until January 2, 1907, and the interested railroads were asked to confer in the meantime, in regard to arriving at a mutual arrangement for a belt line along the disputed street in West Oakland.

The representatives of the three companies, who were present at last night's session, averred that they would agree to an open-switch clause in their franchise, should it be granted them. The application of the San Francisco, Oakland and San Jose Railway contains this clause, while those of the other two applicants do not.

Action on other applications of the Western Pacific Company, the Santa Fe and the Union Belt Line of Oakland, for franchises was also postponed by the committee until January second of next year, opposition having been made to all.

The Committee of the Whole meeting followed that of the City Council. The following resolution, introduced by Councilman Burns, relative to the franchises being applied for, was the first matter to be considered: "Whereas the Western Pacific Railway Company, Atchison, Topeka and Santa Fe Railway, Union Belt Railway, and the San Francisco, Oakland and San Jose Railway Company, have applied for franchises to operate railroads upon certain streets and rights of way in the city of Oakland, and especially on Wood street, therefore be it

"Resolved, That a time and date be set by this Council for the purpose of selling said franchises for the operation of railroads over and along the routes applied for by said railroad companies to the highest and best bidder in open meeting of the City Council."

CITY ATTORNEY'S OPINION.
Councilman Burns asked the opinion of City Attorney McElroy in regard to his resolution, and the reply was: "I think that it would be illegal, as the charter provides that the Council must grant a franchise without discrimination. I would rather have time to look the matter up, but I think that I will find that the resolution would be illegal."

The committee then referred the resolution to the City Attorney, who will report his findings on January second.

F. W. McDonald, industrial commissioner of the Santa Fe, was the first to take the floor, following the reading of the three applications for franchises on Wood street. McDonald asked a continuance of the consideration of the applications until the first part of the next year, saying: "I would suggest, gentlemen, that a consideration of these matters be continued for a time, and that in the meantime the legal representatives of the three applicants get together and arrange a solution of the question."

Attorney C. E. Snook, representing the Western Pacific, agreed to the postponement, as did Attorney Engls for the third applicant, the San Francisco, Oakland and San Jose Railway. Engls asked, however, that the consideration suits of the Western Pacific Company for a right of way through his client's property, remain at a standstill until the hearing of the applications of granting each an equal right to

who, during a meeting of the Council committees last night, asserted that the Santa Fe Railroad had broken its promises to the people of Oakland. The same opinion was expressed by Councilman Burns.

operate trains on Wood street. The motion was put to a vote and carried. Following this decision on the part of the committee, Councilman Burns stated that he wished that some railroad companies would keep their promises, meaning the Santa Fe, as was shown by the following remarks of Councilman Elliott:

"I once had the impression that Oakland was to be the great transcontinental terminus of the Santa Fe. If I had known that we were to be given the go-by, I would never have voted to grant the Santa Fe a franchise to operate in this city. It never was the intention of that company to make Oakland their terminal, despite promises made. Our city was turned down for Point Richmond. Easterners do not know that the Santa Fe has a line to Oakland. We should learn a lesson from this experience and should ask the Santa Fe in the present instance, 'What are your intentions in asking for a franchise on Wood street?' We should also ask 'Is the San Francisco, Oakland and San Jose Railway going to have another inter-urban line into West Oakland?' I do not favor the proposition of Councilman Burns in seeking to put the franchises up for sale. We should find out what the intentions of the applicants are, however, if not in the open, then in executive session."

ENG'S: "NOTHING TO HIDE"
as Oumwak-ti... ders Oaskpra... Couse Doid... Councilman Thurston—We should not discriminate in this matter, but we should give the city the maximum benefit.

Attorney Engls when asked what the intentions of his company are, said: "I would rather confer with my principals, but I can safely say there is no disposition to hide anything."

Commissioner McDonald—The Santa Fe does not wish to conceal anything. We propose to establish a freight depot at Twentieth and Union streets and we ask these franchises for freight purposes, pure and simple. I can give no promise of establishing a passenger line, however. It is our desire to meet the merchants of Oakland half way, as the proposition of affording them Santa Fe accommodations has been a vexed one for a long time. Whether the Santa Fe will build a pier in Oakland I do not know.

Oakland, as a business proposition, rests on the freight business and not the passenger traffic. We are trying to get our lines nearer to your merchants. The prosperity of any city depends a great deal on competitive rail communication.

Councilman Elliott—Do you expect to run freight trains along Twentieth street?

McDonald—Yes, sir, that is our intention.

Councilman Pendleton—Would it be practical, Mr. McDonald, to have three

railroad companies, with equal rights, operate on one street?

McDonald stated that that was a hard question to answer, but he asserted that a great deal depended on what was meant by "equal rights." He averred that he could not answer the question offhand.

Councilman Pendleton—Would you take a franchise under such conditions?

COULD MAKE NO ANSWER.

Again McDonald replied that he could not make an answer. The same queries were put to Attorneys Snook and Engls, and they too stated that they could not answer. Attorney Snook averred that his company would take such a franchise, if it was given the Western Pacific first, as application for a franchise on Wood street.

"We should now determine," said Councilman Elliott, "whether we want steam or electricity on that street." The application of the San Francisco, Oakland and San Jose Railway provides for electricity as the motive power.

Councilman Burns—This is a good time to have electricity put in.

Councilman Donaldson—I would suggest that the three applicants get together and arrange to use the same line. We should have a bell line along that street. One of them agrees to its application to the open-switch clause, allowing other railroads to use the line.

Attorney Snook and Commissioner McDonald were at once on their feet, stating that the Western Pacific and the Santa Fe respectively, would agree to the open-switch clause. Councilman Pendleton then suggested that the applications be so amended that they would contain this clause. The representatives agreed to these amendments.

Upon the suggestion of Councilman Engls, who has made chairman of the committee, Councilman Elliott moved that in granting a franchise for a line on Wood street, that the policy contained in the Union Belt Line franchise, providing for an open-switch, be followed. The motion was unanimously adopted.

The entire matter was then postponed until January 2nd, as was the application of the Santa Fe for a line along Twentieth street.

BELT LINE APPLICATION.

The application of the Union Belt Line was then taken up, but at the request of Attorney Snook, it was continued until January 2nd. The same procedure was taken in regard to the applications of the Western Pacific for franchises to construct and operate lines from 26th avenue in East Oakland to Boole's shipyards at the foot of Linden street.

Two protests have been filed against the granting of these franchises, one

FORT DE FRANCE, Island of Martinique, Dec. 11.—The French line steamer Normandie, which touched at La Guayra, Venezuela, December 8, arrived here today and reported that in view of the apparently approaching end of President Castro, revolutionary events are likely to occur shortly. Government troops left Caracas December 5 for the western part of the republic, where a serious revolutionary movement has occurred.

The Venezuelan insurgents commanded by General Montilla, have captured Maracaibo, capital of the state of Lara, 160 miles from Caracas. It was reported at La Guayra, while the Normandie was there, that General Paredas, a former revolutionary leader, landed at Corea, capital of the state of Falcon, Venezuela, and defeated the government troops in an engagement there.

of which is as follows:

Oakland, Calif., Dec. 10, 1906.
To the Honorable the City Council of the City of Oakland:

Gentlemen:—The Oakland Dock and Warehouse Company does hereby protest against the granting of a franchise to the Western Pacific Company as set forth in an application by said company made and filed on the first day of December, 1906, on the following grounds:

That the procedure proposed to be followed in granting said franchise is unconstitutional and void and an illegal procedure in every respect.

That the granting of said proposed franchise would shut out the people of Oakland from the harbor and shipping, said proposed line in many places being almost parallel and in close proximity to the tracks operated by the Western Pacific Company.

That said Dock Company operates a general wharf and charges city rates to the citizens of Oakland for some ten years past and that said Dock Company is obliged to cross said tracks daily. By the granting of another right of way in close proximity to the present railway and with long and fast trains running thereon, would cut off and damage the property of this company and the shipping business thereon to an untold extent.

That the granting of said franchise would interfere with, damage and make impossible the truck system now maintained at near the Harrison-street bridge, including the spurs leading onto the property of this company, over which thousands of cars pass into and upon said property.

That said Western Pacific Railway Company now have a franchise on Third street, and that the granting of this franchise would be a violation of the city charter in so far as it would grant a franchise to a company already having a franchise on Third street.

We respectfully submit that one main line is sufficient for one company, especially when it is proposed to have two within a few hundred feet of each other.

ANOTHER PROTEST MADE.
Another protest is contained in the following:

Oakland, Calif., Dec. 10, 1906.
To the Honorable the City Council of the City of Oakland:

The undersigned property owners on the west side below First street, do hereby protest against the granting of a franchise to the Western Pacific Railway Company, dated and filed on November 26th, 1906, for the following reasons:

That the granting of said franchise in the manner proposed is unconstitutional and an illegal procedure.

That your honorable body is not compelled by any law to grant said franchise.

That said company now have a franchise on Third street and that granting this application would be against public policy, as it would shut off and prevent proper access to the wharves and shipping along the water front.
